

Quick Tips: Health Record Tab

Clicking on the Health Record Tab allows you to view your personal health information.

Navigate through the different menus on the right side to view more information.

Allergies & Conditions: This will list any allergies and adverse reactions and any current medical conditions

Results: This will display lab results collected during inpatient stays.

Medications: This will display your home medications list.

Reports: This will list any reports chosen to populate the My Health, My Way portal by the facility.

Preventative Care: This will list your immunization history as documented by your care team.

Visit History: This will list all visits that you have had with Waypoint Centre for Mental Health Care

Print: Prints a screen shot of the information on the screen

For more information regarding the documentation and results that will display in the My Health My Way portal, please see **My Health, My Way Personal Health Information Guide** on the portal webpage.
